

Campus Security Information and Disclosures for Prospective Employees

CAMPUS SECURITY INFORMATION

American InterContinental University (AIU) and Colorado Technical University (CTU) each prepare Annual Security Reports to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). These reports are prepared in cooperation with local law enforcement agencies. Nothing in the law shall be construed to permit an institution to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of the Clery Act and VAWA.

This report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by the institution; and on public property within, or immediately adjacent to and accessible from, the campus (as applicable). The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, domestic violence, dating violence, stalking, and other matters.

Each year, an e-mail notification is made to all enrolled students that provides the web link to access this report. Faculty and staff receive a similar notification.

All prospective employees and students may obtain copies of these reports by visiting the following links to the institutional websites:

IMPROVEMENTS TO ACADEMIC PROGRAMS

AIU and CTU each review its respective academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, the institutions may change, amend, alter or modify program offerings and schedules to reflect this feedback. If you have questions about this process, contact the Office of the Provost for the respective institution.

COPYRIGHT INFRINGEMENT

Students should be aware that the unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, is subject to civil and criminal liabilities.

In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorney’s fees. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. The institutions prohibits the use of its computers and computer networks for the unauthorized downloading and uploading of copyright-protected material, or for maintaining or storing unauthorized copyright-protected material.
